## What Will I Learn?

This program is designed to introduce students to the procedures and skills found in the truck driving industry while preparing each individual to obtain a Commercial Driver License with endorsements. Students will develop the skills necessary to operate a commercial vehicle safely. Each course consists of classroom, lab, range, and on-the-road experience to ensure the best possible training. The program covers topics in basic operations, safe operating practices, advanced operating practices, vehicle maintenance, and non-vehicle activities. This program meets the minimum requirements established by the Federal Motor Carrier Safety Administration (FMCSA), and is based on the FMCSA "Model Curriculum."

## Program Objective:

Upon completion of one of these programs, students will have the basic knowledge and practical skills necessary to become a proficient entry-level truck driver. They will be prepared to obtain a Commercial Driver License which can include the following: Air-Brakes, Combinations, Doubles-Triples, Tankers, and Hazardous Materials (Per Federal Regulations, additional criteria must be met to be approved for Hazmat). These programs meet the needs of students with no prior knowledge or experience in truck driving.

## Career & Educational Path:

Upon completion of this course, the student will be able to obtain work in entry-level truck driver positions with common carriers, private truck fleets, local, short, and long-haul companies.
